WHAT I DO NOW

I currently work passionately to learn and expose myself to new things in every possible media, and crave meeting others that do the same. It's very hard for me not to have fun in everything I do, as long as I can;

work hard with like minded people, & learn from new challenges everyday.

I am an enthusiastic altruist and tireless extrovert; nothing makes me happier than to work with and motivate diverse groups towards a common goal.

WHAT I WANT TO DO

Obtain a unique job opportunity where I can continue to learn, evolve & strategize the best possible solutions for challenging puzzles of

UX & product design.

Experienced and willing to work between all areas of design, development, & client relations.

STRENGTHS & VALUES

Joy Endless excitement for learning
